

# Reusable T-Shirt Bag

From "Trashy Treasure", Season 4, Episode 8

## Supplies

- An old t-shirt
- Scissors
- Markers

## Steps

1. Fold the t-shirt in half, making it even on both sides
2. Hold the fabric together and use the scissors to cut off the sleeves and the neck area of the t-shirt
3. Open your shirt and fold it inside out
4. Bunch up and twist the bottom of the shirt as tightly as possible
4. Use the old scraps of fabric that you cut off to tie a knot around the bunched up piece of the shirt.
5. Flip your shirt right side out
6. Use the markers to draw a nice design on the front of the bag.

## Questions to Ask Your Child

- What are other ways you can reuse your items?
- How else are you an Earth Steward?
- Do you know all of the different types of animals you are saving by reusing?
